RE: Introduction to Mullion Parish Council

Dear Councillors,

We would like to formally introduce ourselves to you. Mullion Cove Harbour Group Ltd is a newly formed "not for profit" company, which we have set up in Mullion Cove, to replace the previous group Mullion Cove Cooperative Winch Society.

The main reasons for the change being that as a group our membership has grown significantly, and we are now taking on more responsibilities with the harbour itself. This meant we needed a much more professional and legally recognised form, in order to continue growing and being more of a community presence within the cove.

We are here to help run our harbour and represent our members, who consist of residents, fishermen, boat users and those who share a love and passion for the cove and our community. We are actively using the harbour and involved in the day to day life and care of the harbour itself. Mullion Cove Harbour Group Ltd aims to work positively for its members, residents and other harbour users by:

- Owning and operating key harbour infrastructure and managing its safe use for our Members.
- Managing all boat licensing in the harbour, and taking a collaborative approach with our members to ensure everyone can enjoy use of the harbour. Making it a safe and pleasant environment for our members to enjoy.
- Striving to bring back a strong community focus, and connect our local community, to ensure the harbour can be used and enjoyed by all, and its future has a voice bedded in community.
- Being a strong advocate for the future of our harbour, playing a proactive role and being a positive force to face the challenges that future may bring.
- Collaborating with the National Trust to bring a range of matters to their attention, and hold them to account for the upkeep and maintenance of the harbour, including the wider safety and operational issues within Mullion Harbour, to ensure everyone who visits enjoys this special place.

We look forward to the reporting to Mullion Parish Council annually, and please feel free to reach out to us at anytime.

Kind Regards,

The Directors (Jonny Pascoe, Keith Baldwin, Jeffrey Meyer)
